Assistant Commissioner for Patents  
Washington, DC 20231

Sir:

**AMENDMENT**

Responsive to the Official Action dated July 30, 2001, entry and consideration of the following amendments and remarks are requested.

**IN THE SPECIFICATION**

Amend the specification as follows.

Page 15, delete the paragraph spanning lines 11-25, and insert the following therefor:

--A sodium channel probe was generated to allow screening of a rat DRG cDNA library with the aim to identify novel sodium channels present in the DRG. A pan specific sodium channel probe was obtained from Polymerase chain reaction (PCR) experiments using rat genomic DNA as the template and degenerate PCR primers designed from within the 3' coding regions of the brain II, heart, skeletal muscle and glial voltage-gated sodium channel. The oligonucleotide primers used for this analysis were
